Elevate Your Research, Publishing & Instruction with a Deep Dive into Essential IEEE Solutions
You're invited to a free IEEE Webinar

Date:
Thursday, 22 January 2026

Time (60 mins):
2:00 PM ET NY

Scan to Register:

Join us for a specialized session featuring three cutting-edge IEEE platforms that directly address the need for real-world data, hands-on experimentation, and ethical compliance in high-impact research and instruction.

Learn how to integrate these solutions to secure grant funding, drive publishable research, produce industry-ready graduates, and more.

Featured IEEE Products:

- IEEE CertifAIEd™ AI Ethics Professional Certification
- IEEE 5G/6G Innovation Testbed
- IEEE National Transportation Data & Analytics Solution (NTDAS)
